ESS'97 HIGHLIGHTS

- This year's ESS will feature for the first time a complete session and panel discussion on Modelica, the first Object-Oriented simulation language based on guidelines set forth by the SiE European Working Group on Simulation.
- ESS'97 also features 2 market reports on the use of simulation in Germany and Italy.
- And last but not least ESS'97 features a special case-studies session organized by Coopers and Lybrand, Scandinavia.
